Get alerted about emergencies and other important operation information by adding personal contact information to Penn State Health Alerts. This system enables us to provide you with critical information quickly in a variety of situations, such as severe weather, security incidents, and evacuations of buildings. You will receive time-sensitive messages wherever you specify, such as your home, mobile or business phones, email address, text messages and more. You pick where, you pick how.

For directions on how to sign in and edit your information, please see the [Member Portal Guide](#) document.
